**AMENDMENT OF THE INVENTORSHIP**

Sir:

Applicants respectfully request that the following amendment be made part of the official record in the above captioned case. Under 37 C.F.R. §1.48, a correction of inventorship can be made in a nonprovisional patent application after the declaration has been filed if the error arose without any deceptive intention on the part of the person named as an inventor in error or on the part of the person who through error was not named as an inventor.

The correction requires:

- (1) A request to correct the inventorship that sets forth the desired inventorship change;
- (2) A statement from each person being added as an inventor that the error in inventorship occurred without deceptive intention on his or her part;
- (3) An oath or declaration by the actual inventor or inventors;
- (4) The processing fee set forth in § 1.17(i); and
- (5) If an assignment has been executed by any of the original named inventors, the written consent of the assignee.

The application was originally filed with Esme M. Taylor as the sole inventor. Applicants request correction of the inventorship to: Esme M. Taylor, Kathryn Murrin and Bonnie E. Engel as joint inventors. Attached are:

- (1) statements from Kathryn Murrin and Bonnie Engel that the inventorship error occurred without deceptive intent;
- (2) declarations for the patent application from Kathryn Murrin and Bonnie Engel; and
- (3) written consent for the correction of inventorship from the assignee of the application, Yellow Pages Superhighway, Inc.

The applicants respectfully request that the correction of inventorship be granted in an expedited manner since a notice of allowance has been granted for this patent application. The non-extendable deadline for paying the issue fee is September 2, 2008.

The Commissioner is hereby authorized to charge payment of any fees associated with this communication or credit any overpayment to Deposit Account No. 04-0822.

Respectfully submitted,

DERGOSITS & NOAH LLP
